Thanks, Abby. We have nothing to add to our response.

Cheers, R.

**Subject:** RE: Subject: Question on mid-term review

Hi Robert,

Thanks for getting back to me with this. I appreciate it.

Just wanted to double check: Do you have any response or comment on the other two questions included in my email?  
Here are those questions again:

- Will EPA be including new data with its final determination? If so, what will that data focus on?
- Will EPA be considering changes to the off-cycle credit program as part of its review of the standards?

Please let me know when you get a chance. Thanks again for your help!

Best,

Abby

Abby, for attribution to “an EPA spokesperson,” please:

We intend to meet the April 1 deadline to issue the final mid-term evaluation.

Cheers, R.

Thanks for getting back to me. Yes, I know it’s a quick turnaround, and I apologize for that – but I’m certainly able to update my story later in the day. My editor wants to get a first version of my story out by 3 p.m., but I can update and add any statement from EPA for a second version up until 4:15/4:30 p.m.

I’m able to update after that, too, but any update after 4:30 p.m. wouldn’t make it into our email to subscribers.

Let me know if that answers your question. Please don’t hesitate to call, too, if you need further clarification on anything. I’m at 703-341-3778. Thanks again for your help with this!
